The powders are **mixed with oil, juice, tea, baby formula, or honey**. A family member or healer may want to give these natural remedies to your child for stomach ache. They may not know that **these powders can contain lead and are dangerous. Lead can hurt your child.**

Most children who are poisoned by lead **do not look or act sick**. The only way to know if your child has lead poisoning is to get a special blood test for lead.

For more information, call your local Childhood Lead Poisoning Prevention Program:
