ORGANIZATION PROFILE

The Medical Therapy Program (MTP) of California Children's Services (CCS), County of Los Angeles, has been providing occupational and physical therapy services to infants, children and adolescents, with certain medical conditions, for over 50 years.

With a staff of over 200 therapy practitioners located in 22 Medical Therapy Units (MTUs) and 1 smaller Therapy Unit (TU), it is an exciting environment working with a varied and dynamic group of individuals.

Opportunities abound in working with children and their families, collaborating with energetic staff including OT and PT students, and participating in various professional activities to further your own development in clinical skills and professional identity. Utilizing an evidence-based practice approach, you can participate in outcome studies and see the benefits for the children and their families.

If you are looking for a new career opportunity with an extraordinary group of people, CCS is the place for you!
