12750 Erickson Avenue  
Downey, CA 90242

February 14, 2017  
Lab I. D. No. 9250287

Dear Ms. Green

The Sanitation Districts' *Wastewater Ordinance* specifies that all required industrial wastewater analyses be performed by a California State Certified laboratory or by a laboratory approved by the Sanitation Districts.

The Districts recognize your laboratory accreditation by the California Water Boards, Environmental Laboratory Accreditation Program. The Districts will accept sample results from the use of appropriate methodologies, as determined by the Districts, that you are certified to perform as denoted on certificate number 1398. The Districts' laboratory identification number appearing on this letter **must** be included on all analysis reports submitted to the Districts.

Continued recognition of your certification shall be maintained by periodic satisfactory completion of performance sample analyses, compliance with Districts' requirements and an adequate rating on any future visits by Districts' personnel. Please notify the District upon any changes of name, address, telephone number, or supervisory personnel. Failure to do so may result in the immediate revocation of your Districts' laboratory identification number.

If you have any questions regarding this laboratory approval, please contact David B. Whipple of the Sanitation Districts' Industrial Waste Section at extension 2909.

Very truly yours,

Linda M. Shadler P.E.  
Supervising Civil Engineer  
Industrial Waste Section
