LA County Department of Public Health Wellbeing Centers

The Wellbeing Centers, located on many high school campuses, are welcoming spaces where students can relax, along with access information and services for a variety of health topics. Feeling stressed? Anxious? Want to know more about STI prevention? Want to talk with someone about your relationship? Need more information about Fentanyl or how to help a friend slow down on the vaping? Where to get Emergency Contraception?

Find out if your school has a Wellbeing Center by asking your school's main office or by calling Ellen Sanchez at the Department of Public Health (626) 299-4502.

This is a regularly updated resource and is not a comprehensive list. If you would like your school based health center listed or information updated, please contact us at owh@ph.lacounty.gov.

Resources on Teen Health Laws

National Center for Youth Law

<https://youthlaw.org/>

NCYL provides tools, trainings, and resources to youth, families and service providers to help them navigate youth's growing desire for increased privacy, which can feel uncomfortable for care partners and providers.

Teen Health Law

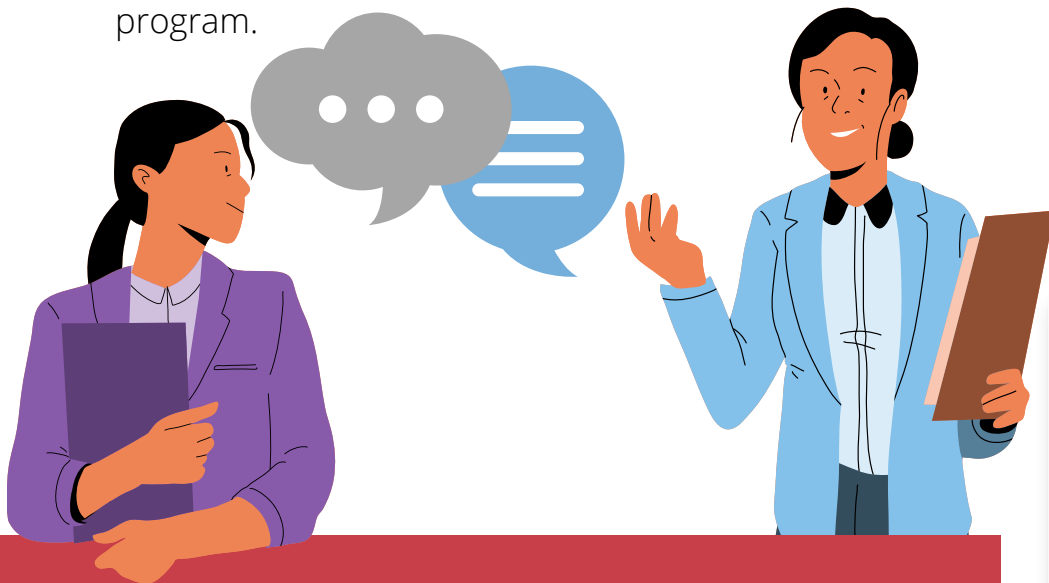

<https://teenhealthlaw.org/consent/>

The tools on this page summarize the rights of minors and third parties to consent to a minor's health care in the State of California.

National Health Law Program (NHeLP)

<https://healthlaw.org/resource/resources-for-california-foster-youth-sexual-reproductive-and-mental-health-medi-cal-services/>

Current and former foster youth in the Medi-Cal program have access to a broad array of reproductive, sexual, and mental health services. NHeLP has developed a suite of infographics and factsheets aimed at helping foster youth better understand the services available to them through California's robust Medicaid program.
