## HEALTHY AGING: EMERGING ISSUES

## LAACHA

W. June Simmons, CEO Partners in Care Foundation April 21, 2014

## Total health care investment in US is less

In OECD, for every \$1 spent on health care, about \$2 is spent on social services In the US, for \$1 spent on health care, about 55 cents is spent on social services

### Social Factors and Health Outcomes

### Societal-level social determinants have individual-level impact

## The Imperative

- Critical to invest in solutions:
  - The social determinants of health
  - Prevention
  - Care coordination
- It takes a village
  - Need interorganizational teams to meet the needs of increasingly complex, older patient populations
  - Responsibility cannot solely reside with the physician
- To meet this imperative, we must partner

LAACHA is the way!

## **Table Discussion**

 How do we, as members of LAACHA, move forward as an alliance to work together to increase the reach of effective, evidence-based community health interventions? (Specific ideas)

 What resources will be necessary to achieve our endeavor?
