

County of Los Angeles- Department of Health Services
Public Health
Tuberculosis Control Program

VACANCY ANNOUNCEMENT

PUBLIC HEALTH NURSE

Program Description:

The Tuberculosis Control Program is seeking an experienced Public Health Nurse to act as a liaison to promote continuity of care for the tuberculosis patient from one health facility to another.

Summary of Responsibilities:

PHN duties include: 1) surveillance; 2) disease and health event investigation; 3) case finding; 4) health teaching; 5) consultation and collaboration to promote continuity of care; and 6) discharge planning.

Desired Qualifications:

- Desire to work with a diverse population.
- Knowledge of tuberculosis transmission principles, pathophysiology, and treatment standards.
- Excellent oral and written communication skills.
- Excellent organizational and time management skills with the flexibility to adjust to rapidly changing schedules and frequently changing priorities.
- Ability to perform job duties with minimal supervision, effectively and independently.

Interested applicants may send (fax, e-mail, or mail) their resume, last two Performance Evaluations, and Time Records for 2009 and 2010 to Yesenia Eras PHNS
