

FREE SARS CoV-2 Testing for Pets

Free SARS CoV-2 Testing may be available if:

Your pet was exposed to either a human or another animal with COVID-19. (For example, your pet lives in a household of people recently diagnosed with COVID-19)

Or

Your pocket pet (E.g. fancy mice/rats, hamsters, gerbils, hedgehogs, guinea pigs) have contact with people, even if no one tested positive for COVID-19 recently.

**Ask your
veterinarian
for more details!**
